

Today's chiropractor may be dubbed the "New Hero" in healthcare. Chiropractic care is about "preventive care" and helping your body do what it was designed to do, which is to take care of itself naturally. In this book, we have brought together ten of America's leading chiropractors to share with you their insights into chiropractic care and the effect it can have on your health. You will discover why a chiropractor should be one of your primary caregivers. The benefits of chiropractic treatment can be remarkable. You will read stories that clearly show the help that chiropractic care can bring to a patient, even under some of the most dire circumstances.

Orthodontics and Occlusal Management (Clinical Dentistry in Health & Disease) (v. 4), Notes on Nursing What It Is, and What It Is Not (TREDITION CLASSICS), Universal Coverage, Guide to Physical Examination and History Taking, Freshman Manager: Sink or Swim,
