

Abstracts: 9th World Congress on Pain, August 22-27, 1999, Vienna, Austria

This publication contains abstracts of the plenary papers, free communications, and topical workshops that were presented at the congress - approximately 1,800 in all. It is useful as a general overview of ongoing research (basic and clinical) and treatment in all aspects of the pain field as updated at the triennial congress of the International Association for the Study of Pain.
