

The Nonstop Book of Fantastika Tattoo Designs

Ideal for tattoo artists and patrons looking for original designs, this compendium of line art showcases the work of some of the greatest horror, fantasy, and science fiction artists and illustrators in the country. Body art is becoming more and more mainstream, and the presence of science fiction and related genres in popular culture is increasingly ubiquitous; this art collection brings the strange and unusual to the eyes of tattoo enthusiasts and skin art into the realm of science fiction and fantasy buffs. These eye-catching tattoos are suitable to mix and match on different areas of the body, and each design is attributed to its horror, science fiction, or fantasy artist so that fans may be newly inspired to develop their own body art style based on the designers they admire.
