Further topics include: Seasonal habits of catfish Techniques and rigging for bank fishing Fishing around dense vegetation Reading the water and weather conditions And many more tips for catching the big one! Keith also shares some of his favorite catfish recipes. For many catfish eaters, frying is their go-to cooking method. But the catfish king proves that versatility is the way to go and teaches you new and delicious ways to enjoy your prize-winning catch poached, smoked, grilled, sauteed, or even barbecued. Skyhorse Publishing is proud to publish a broad range of books for fishermen. Our books for anglers include titles that focus on fly fishing, bait fishing, fly-casting, spin casting, deep sea fishing, and surf fishing. Our books offer both practical advice on tackle, techniques, knots, and more, as well as lyrical prose on fishing for bass, trout, salmon, crappie, baitfish, catfish, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
