

Hillcrest Medical Center: Beginning Medical Transcription Course

This best selling learning package uses a simulation approach to provide students with a working knowledge of the most common medical reports. Learners first transcribe a variety of reports related to 10 inpatient case studies taken from actual medical reports. Reports transcribed include history and physical examination, operative, pathology, radiology, and discharge summary. New features in this edition include: *Qauli-Care Clinic, allowing learners to transcribe a series of realistic outpatient reports. *Free practice software, providing practice in Word or WordPerfect. *CMTips including help with difficult terminology. *New Internet resources section.
