

Intrapartum Management: Modules : A Perinatal Education Program

This essential text contains 18 modules that guide the reader from assessment of the pregnant woman and her fetus through labor and delivery to postpartum evaluation. Each module enhances self-paced learning and skills attainment, perfect for competence validation and orientation. From the step-by-step how to of fetal monitoring to the theoretical knowledge necessary to anticipate high risk situations, the text illustrates the essentials of intrapartum care. Valuable features include a unique format, practice and review sections for each module, and the latest CDC guidelines for implementing Standard Precautions in the area of labor and delivery.
