

This text offers guidance for the assessment and management of clients with medical-surgical problems. Revised and updated, this seventh edition seeks to reflect topics and techniques current at time of publication. Content includes key terms, chapter summaries and critical thinking exercises for reinforcement of learned material. General nutritional considerations, general pharmacologic considerations and general gerontologic considerations are also contained in each chapter, along with illustrations and tables to support and clarify different areas of study.

North Downs Way: National Trail Guide, Long-Term Care State Operations Manual, The Muslim-Christian Relations: Past, Present, Future (Faith Meets Faith), What a Chap Really Wants in Bed: A Shooting Fishing Book, End of Life Care in Neurological Disease, Monsterpieces: Once Upon a Time . . . of the 2000s!, Handbook of Teaching for Physical Therapists, 2e,
