

Spinal Cord Injuries - Elsevier eBook on VitalSource (Retail Access Card): Management and Rehabilitation, 1e

Case Studies with clinical application thinking exercises help you apply knowledge from the book to real life situations. Thoroughly referenced, evidence-based content provides the best evidence for treatment based on the most current research. Tables and boxes throughout each chapter organize and summarize important information for quick reference. Clinical Note boxes provide at-a-glance access to helpful tips. Over 500 clinical photos, line drawings, radiographs, and more bring important concepts to life. Highly respected experts in spinal cord injury rehabilitation, editors Sue Ann Sisto, Erica Druin, and Martha Sliwinski, provide authoritative guidance on the foundations and principles of practice for spinal cord injury. Companion DVD includes video clips of the techniques described throughout the book that demonstrate how to apply key concepts to practice.
