

# Self-Assessment Color Review of Small Animal Emergency and Critical Care Medicine (Sac)

This manual employs more than 200 case studies comprising integrated questions, thorough explanations, and 236 color and black-and-white illustrations. The work of 28 international experts, it covers all aspects of care and emphasizes a coordinated team approach to patient care. Veterinary practitioners, technicians, and students wishing to learn rapid diagnosis and effective treatment in emergency and critical care situations will find the information here. The book is also an excellent on-site reference.
