

Culled from the techniques of a group of professional artists, this guide to creating landscapes using watercolors tackles a number of difficult issues that both beginning and seasoned artists face. From reserving white spaces and the perspective of interiors to the composition and interpretation of a landscape, the artist is presented with clear visual instructions and step-by-step explanations for each picture. Also included are techniques for painting nudes in the tonalist style and for drawing and painting flowers, seascapes, and still-life compositions using a colorist approach.
