

The Architecture Traveler: A Guide to 250 Key Twentieth-Century American Buildings (Norton Books for Architects & Designers)

There is no better way to appreciate architecture than to see it. This book takes the reader on a journey through 250 important buildings, from the works of Frank Lloyd Wright and Miles van der Rohe, to new landmarks like Richard Meiers Getty Center. It provides maps, architectural and historical information, addresses, telephone numbers and opening hours, as well as indexes by architect and location.
