

Tiny Houses: The Perfect Tiny House, with Tiny House Example Plans

A tiny house is not just all you could afford or a way to look down on your home. Instead tiny house living is an intentional movement to become minimal and live as efficiently and freely as possible. Whether you want to downsize, whether you want to have a house that is cheaper and easier to maintain, or whether you just love the idea of living in a tiny house this is the book for you. In Tiny House Living you will be taken through the many stages of building, designing and living in a tiny house. You will be told the pros and cons, the difficulties of getting housing permits, how to use your space most effectively and how to find the best location and land for you. With a tiny house you will learn how to live large and truly appreciate the things you have and not allow the things you don't need to control you. Discover what a tiny house is and why people the world over are falling in love with them. Find out the best approach to building your tiny house and how to save money doing it. Learn secrets spots to store your stuff without it ever getting in your way and how to use color and light to make one room seem like three. Example tiny plans for your tiny home; five examples to choose from.
