

Its Hard to Keep Up!: A collection of essays on current topics in nursing and healthcare from The Blog at www.nurs-ed.com

This short text provides meaningful updates on nursing and healthcare for practicing nurses who just do not have time to track changes day in and day out. Obesity. Cancer and shiftwork. The microbiome. And many more topics are included in this short book. Most of these do appear as blog entries on nurs-ed.com. So you COULD check them out for free. But there is also material included that has not been published before. Short stories, if you will, easily and quickly read, to catch us all up on what the hot topics in healthcare are today. Our nursing world is changing as we speak. I guess you could say that we are nursing in the new now. We need to keep up. Thank you for being a nurse who wants to learn.
