

Nursing is an amazing—yet demanding—profession. With increasing demands and limited budgets, support isn't always forthcoming for the nurse, which is why humor is so important! Whether it's for yourself, or for your patient, *Whats So Funny About... Nursing?* will show you how you can use humor to survive and thrive in your profession—even if you're not funny! This book is a blend of scientific evidence and real-life examples from nurses in the trenches, and will give you the tools you need to get through the toughest of days, help you renew your commitment to providing safe and effective care—and keep you in stitches!

Recent Advances in Histopathology: 22, The Total Practice Management Workbook Using E-medsys, Outcomes Management: Applications to Clinical Practice, 1e, Kuniyoshi, What the Great Religions Believe, Dental country test Answer orthodontics, pediatric dentistry, dental radiology (1996) ISBN: 487211292X [Japanese Import], Transformative Urban Open Space: The ULI Urban Open Space Award 2010–2015 (ULI Award Winning Projects),
