

Blackwell's Five-Minute Veterinary Consult Clinical Companion: Small Animal Emergency and Critical Care is a condensed handbook with concise bullet points and alphabetically-organized topics. Using the popular Five-Minute Veterinary Consult format, the book provides rapid access to up-to-date information in the fast-paced emergency room or critical care environment. Topics have been pulled from the Five-Minute Veterinary Consult: Canine and Feline and expanded to include more information, valuable clinical images, and useful diagrams, with many other chapters completely new to this book. With more than sixty-five expert chapter authors, the book offers reliable information to help promote quick decision making in diagnosing and treating emergency conditions. This clinical companion serves as an ideal purchase for general veterinary practitioners and students, veterinary technicians, and hospital and emergency clinic staff.
